1. A road is under construction in the Karlovac area linking Topusko with Recka. The road is intended to facilitate the development of the manganese mines in the Petrova Gora area.
2. Two new bridges are being constructed on the road from Skradin to Bribirake Mostine. No details are available.
3. The iron bridge over the Kupa river at Karlovac is now completed. It is 100 meters long with a six meter road on it, and two sidewalks one and one-half meters each.
4. A reinforced concrete bridge is being constructed over the Una river at Bihac. The bridge is to be 120 meters long and is to take the place of the old bridge destroyed during the war.
